## Herm Island, paradise found

There really is no place quite like Herm - 3 miles east of St Peter Port, Guernsey and just 20 minutes by Trident ferry, here you will discover the jewel in the Channel Island Crown with no cars, no crowds and no stress - Herm has something for everyone.

Enjoy beautiful beaches and stunning scenery whilst exploring the natural coastline. Take in the spectacular panoramic views of the neighbouring islands and view the coastline of France on clear days. Herm is perfect for a day trip or stay awhile in the hotel,

cottages, or campsite. Relax and take in the serenity or walk the perimeter of the entire island. The beautiful winding coastal path takes approximately two hours to walk and offers breath-taking scenery, wildlife, and the magical colour variance of the sea.

The Trident ferry arrives and departs at Rosaire steps (half tide down and below) or Herm Harbour (half tide up and above), adjacent to Herm's tiny village where you'll find The White House Hotel, The Ship Inn, Mermaid Tavern and The Herm Shop.

St Tugual's Chapel and Manor Cottages are situated at the top of Harbour Hill from where you can enjoy stunning rural views. Delightful leafy walks from the top of this hill will lead you down to Belvoir Bay, Shell Beach and across the wide open common to Bear's Beach and Fisherman's Beach.

**Leave behind the stress of the outside world to find true peace and tranquillity in Herm Island.**
